

AFGROW Users Workshop 2019

Center for Continuing Education
775 S University Park Blvd
Clearfield, Utah 84015

AFGROW Users,

Are you, or someone you know, interested in learning about the latest developments happening right now in Fracture Mechanics? Would you like the chance to meet a wide range of experts from across the industry? Do you want to know more about the uses and capabilities of Crack Growth Analysis tools? All of these opportunities and more are available to you at the AFGROW Users Workshop.

The next AFGROW Workshop will be held at the Weber State University Center for Continuing Education, located at 775 S University Park Blvd, Clearfield, UT, on the 10th -11th of September 2019. The Continuing Education Center is close to the Hill AFB South Gate and conveniently close to several hotels in Layton, UT. Continental breakfast and afternoon refreshments will be provided.

The purpose of the Workshop is to provide a forum for AFGROW Users to come together to exchange information and best-practices, network with peers from the industry, and get a chance to talk with the AFGROW developers and community.

Group discussions will also provide direction for new capabilities and improvements, best practice methods,

and tips and tricks from the experts. The AFGROW team will also provide information on our latest development efforts for the upcoming year.

Cost

The cost will be: \$460.00/person until July 31, \$495.00/person thereafter

Who should attend

Who should attend: Engineers, researchers, technologists, managers who are users of AFGROW, and/or anyone that has an interest in Crack Growth Analysis tools.

If you would like to make a 20 or 40 minute presentation, please submit an abstract to info@lextechcentral.com. If you have a topic that requires more time, let us know and we will do our best to accommodate you.
